

# Using Prompt Engineering To Analyze Feedback

1

Navigate to <https://hearback.me/event-view/> Click "⚙️" on the Event Name to edit event settings.

The screenshot shows the 'Events View' page in a web application. At the top right, there are navigation links: 'Event Registration', 'Events View', 'Feedback', and 'Account'. Below the navigation is a yellow banner for the 'Pro plan'. A search bar is present with the placeholder text 'Enter text to search events'. The main content is a table with the following columns: 'Event Name', 'Event Organiser', 'Start Date/Time', 'End Date/Time', 'Event Text', 'Focus Words', 'QRcode', 'Allow Photos', 'Allow Qns', and 'Turn On'. Two event rows are visible. The first row is 'Best Lame Joke of the Year' with 2 entries and a 2-minute duration. The second row is 'Ignite Integrate Shape: StoryTelling' with 0 entries and a 0-minute duration. A settings gear icon is highlighted with an orange circle on the 'Event Name' of the first row.

Event Name	Event Organiser	Start Date/Time	End Date/Time	Event Text	Focus Words	QRcode	Allow Photos	Allow Qns	Turn On
⚙️ Best Lame Joke of the Year (2 entries, 2 mins)	Test	2025-01-09 09:46:00	2025-01-13 09:46:00			 Personalise	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
⚙️ Ignite Integrate Shape: StoryTelling (0 entries, 0 mins)	Test	2024-04-29 15:15:00	2024-05-06 18:00:00			 Personalise	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

## 13 Analysis of the feedback based on the prompt requirements

1	2025-01-09 01:51:10			<p>[jokescore:6]</p> <p>Thank you for sharing your joke. Here's an analysis based on the key components:</p> <p><b>**Timing of Punchline:**</b> The timing of the punchline in this joke is effective. The setup leads right into the punchline smoothly, without any pauses or unnecessary words. The pacing is appropriate for a quick, light-hearted joke.</p> <p><b>**Delivery:**</b> The delivery is straightforward and clear. The punchline follows naturally from the setup, which is key for a joke of this nature. There's no need for elaborate storytelling, and the joke works well as a simple one-liner.</p> <p><b>**Originality:**</b> The originality of this joke is where it falls short. The joke about measuring objects and turning them into feet is a common one and can be found in many variations. While it can be amusing, it doesn't bring anything new or unexpected to the table.</p> <p><b>**Clarity:**</b> Clarity is a major strength of this joke. The setup and punchline are simple and easy to understand. There's no confusion about the wordplay, making it accessible to a wide audience.</p>	<a href="#">Details</a>

Thank you for sharing your joke. Here's an analysis based on the key components:

**\*\*Timing of Punchline:\*\***  
The timing of the punchline in this joke is effective. The setup leads right into the punchline smoothly, without any pauses or unnecessary words. The pacing is appropriate for a quick, light-hearted joke.

**\*\*Delivery:\*\***  
The delivery is straightforward and clear. The punchline follows naturally from the setup, which is key for a joke of this nature. There's no need for elaborate storytelling, and the joke works well as a simple one-liner.

**\*\*Originality:\*\***  
The originality of this joke is where it falls short. The joke about measuring objects and turning them into feet is a common one and can be found in many variations. While it can be amusing, it doesn't bring anything new or unexpected to the table.

**\*\*Clarity:\*\***  
Clarity is a major strength of this joke. The setup and punchline are simple and easy to understand. There's no confusion about the wordplay, making it accessible to a wide audience.

Overall, the joke is clear and well-timed but lacks originality. For future jokes, consider adding a unique twist or a less common punchline to stand out more. Keep up the good work, and with some improvements, you'll definitely get higher scores.

Suggestions for improvement: Try experimenting with different types of wordplay or incorporating more unexpected elements into your jokes. This can help increase the originality of your material.

Keep practicing and refining your craft!

### Feedback

⚙ Best Lame Joke of the Year by Test

#### Overall Feedback

There are 3 responses. The feedback provided for the jokes revolves around four key areas: timing of punchline, delivery, originality, and clarity. Each feedback offers an analysis of these elements and provides suggestions for improvement to enhance the humor and effectiveness of the jokes. In the first feedback, the joke received a score of 5, with recommendations to work on the timing of the punchline, delivery, and originality. The analyst emphasizes the importance of pacing, engagement, and uniqueness in joke-telling, encouraging the individual to practice and refine their craft for future improvement. The second feedback also highlights the timing of the punchline, delivery, originality, and clarity, but with a higher score of 6. While the timing and clarity of the joke are commended, the lack of originality is noted as an area for improvement. The analyst suggests experimenting with different types of wordplay and unexpected elements to increase the originality of future jokes. The third feedback, also with a score of 5, acknowledges the decent timing and clarity of the joke but emphasizes the need for improvement in delivery and originality. The analyst recommends adding variation in tone or expression for a more engaging delivery and incorporating personal touches to make the joke feel fresher and more memorable. Overall, the sentiments expressed in the feedback are encouraging and constructive, with a focus on identifying areas for improvement and providing specific suggestions to enhance the quality of the jokes. The analysts recognize the potential for improvement and offer guidance on refining the timing, delivery, originality, and clarity of future jokes.
